Dear Christian,

I am writing on behalf of the Board of Directors of The Lung Association, Manitoba, our staff and volunteers, and especially on behalf of Manitobans suffering with lung disease to thank you for your contribution providing first aid for our event. Our 3rd annual Conquer the Globe: StairClimb for Clean Air event was a great success thanks to the support we received from your team!

Our goal was to organize a fitness-based fundraiser that tested Manitobans' lung power and gave insight to what it was like to live with a lung disease. The 2008 StairClimb event was also an awareness campaign which allowed the opportunity to give Manitobans a better understanding about the "many faces of lung disease". All money raised at the 2008 StairClimb event stays here in Manitoba to support The Lung Association, Manitoba's programs and services in lung disease management and treatment, tobacco reduction and prevention, and clean air and environmental programs.

Your contribution was recognized through signage at the 2008 StairClimb event, and will be acknowledged in the thank you ad that will be in the Winnipeg Free Press Friday, November 28, 2008. I have attached a copy of the ad for your records.

Again, our most sincere thanks. It is only with the help of wonderful supporters like you that The Lung Association, Manitoba can achieve our mission to improve lung health.

Yours truly,

Joy Letkemann
Executive Director
